

Slackware 14.0 is released!

2012-10-02 18:21:12 by meshal

a new stable release of Slackware has arrived! Since our last stable release, a lot has changed in the Linux and FOSS world. The kernel has moved on to major version 3 (we're using the long term supported 3.2.29 kernel for this release), X.org has released X11R7.7, and Firefox has had a whopping *11* major releases to arrive at version 15.0.1!
