

Linux Skills Most Wanted: Open Source Jobs Report

2018-07-06 23:04:57 by meshal

the 2018 Open Source Technology Jobs Report shows rapid growth in the demand for open source technical talent, with Linux skills a must-have requirement for entry-level positions

The seventh annual report from The Linux Foundation and [Dice](#), released Wednesday, identifies Linux coding as the most sought-after open source skill. Linux-based container technology is a close second.
